Counsel for Debtors

Answer separately and truthfully in writing each of the questions in this Questionnaire in accordance with the Questionnaire's Definitions and Instructions. Read the entire Questionnaire carefully before completing it. Your completed Questionnaire and all attachments must be post-marked for return mailing to Rust Consulting, Inc. on or before January 9, 2006. Make sure that you and your attorney, if you have one, sign the last page of the Questionnaire under oath. Completion of this Questionnaire is mandatory under Federal Rules of Civil Procedure, Rules 26 and 33, made applicable to this proceeding by Federal Rules of Bankruptcy Procedure 7026 and 7033.

### **DEFINITIONS**

The words in Capitals in the Questionnaire are defined as follows:

- The Injured Party is the person who allegedly has or had a medical condition caused by asbestos exposure, including but not limited to Mesothelioma, Lung Cancer, Other Cancer, Pleural Plaques, Diffuse Pleural Thickening, Asbestosis, or other non-malignant asbestos-related condition.
- 2. The Personal Representative of the Injured Party is the person or entity that is filing the claim on behalf of the Injured Party if the Injured Party is legally incompetent or deceased. This person or entity may be, for example, the Injured Party's legal guardian, executor, or administrator. This person or entity is not the attorney representing the Injured Party or the attorney representing the Personal Representative of the Injured Party.
- 3. The Claimant is either the Injured Party or, if the Injured Party is legally incompetent or deceased, the Personal Representative of the Injured Party.
- 4. Debtors are any or all of the following corporations: USG Corporation, United States Gypsum Company, USG Interiors, Inc., USG Interiors International, Inc., L&W Supply Corporation, Beadex Manufacturing, LLC, B-R Pipeline Company, La Mirada Products Co., Inc., USG Industries, Inc., USG Pipeline Company, and Stocking Specialists, Inc.
- 5. US GYPSUM is United States Gypsum Company. For a description of the businesses of US GYPSUM and other Debtors and a listing of the types of products they manufactured or sold that may have contained asbestos, see Appendix B to this Questionnaire.
- 6. PLEURAL PLAQUES is a non-malignant, circumscribed or localized area of fibrous material appearing in the lining of the lung or the chest wall.
- 7. DIFFUSE PLEURAL THICKENING is a diffuse (as opposed to circumscribed or localized) area of fibrosis appearing in the lining of the lung or the chest wall.
- 8. Asbestosis is diffuse fibrosis (or scarring) on both lungs caused by the inhalation of asbestos fibers.
- 9. Lung Cancer is a malignant tumor of the lungs.
- **10.** Mesothelioma is a malignant tumor of the pleura, which is the thin membrane or lining surrounding the lung (pleural mesothelioma). It may also be a malignant tumor of the lining of the abdominal cavity (peritoneal mesothelioma).
- 11. Other Cancer is any cancer other than Lung Cancer or Mesothelioma and includes but is not limited to colon cancer, laryngeal (voicebox) cancer, esophageal cancer, pharyngeal (throat) cancer, stomach cancer, breast cancer, ovarian cancer, liver cancer, brain cancer, lymphoma (cancer of the lymph nodes (or tissues)), and prostate cancer.
- **12.** Forced Vital Capacity (FVC) describes the total amount of air that can be forcibly and quickly exhaled after inhaling as much air as possible.
- **13.** Forced Expiratory Volume (FEV<sub>1</sub>) describes the volume of air that can be forced from the lungs in one second of effort.
- **14.** Total Lung Capacity (TLC) represents the total amount of air that can be taken into the lungs, including the air that cannot be exhaled.
- **15.** Diffusion Capacity (DLCO or D<sub>co</sub>) measures the exchange of oxygen from the air to the blood stream.

### Instructions

- 1. Read carefully the entire Questionnaire and the Definitions and Instructions <u>before completing the Questionnaire</u>. It is important to read the entire Questionnaire at least once <u>before completing it</u> because you may need to copy some sections prior to filling them out so that you can submit multiple copies of the sections. See Instruction No. 4, below.
- 2. Type or print your answers to each question neatly and legibly using black or blue ink. Use capital letters and avoid contact with the edge of the character boxes. Mark check boxes with an "X" (example at right). ☑ Do not use a felt-tip pen, do not write outside the boxes or blocks, and do not bend or fold the pages of the Questionnaire. Do not distribute this Questionnaire to others for their completion because each Questionnaire has a unique identifying barcode and number for each INJURED PARTY.
- 3. Be complete, accurate, and truthful in your answers to the questions asked. This Questionnaire is an official court document that may be used as evidence in any legal proceeding regarding your claim. The penalty for knowingly and fraudulently making a false statement under penalty of perjury is a fine of up to \$500,000 or imprisonment for up to five years, or both.
- 4. If you cannot fit all information in any particular section or page, make a copy of that page <u>before filling it out</u> and add the necessary information to the copied page(s). Attach as many additional pages as needed.
- 5. If the Injured Party is deceased, submit a copy of the death certificate with the Questionnaire. If this Questionnaire is being filed by the Personal Representative of the Injured Party, submit with the Questionnaire written evidence of your authority to act on behalf of the Injured Party.
- 6. Submit with the Questionnaire copies of the following medical documents:
  - A. If in Part 2 you state that the Injured Party has been diagnosed with Mesothelioma, submit a copy of a narrative statement from a diagnosing physician that shows the alleged diagnosis.
  - B. If in Part 2 you state that the Injured Party has been diagnosed with Lung Cancer or Other Cancer, or with Pleural Plaques, Diffuse Pleural Thickening, Asbestosis, or any other non-malignant asbestos-related condition, submit:
    - i. An original of the Injured Party's most recent radiographic evaluation, such as an x-ray or CT scan, taken before the filing of the Injured Party's claim;
    - ii. Copies of any and all medical reports and records that were relied upon for, or that conflict with, the alleged diagnosis, including but not limited to:
      - Physical exam results;
      - Pathology reports;
      - Diagnostic tests or reports;
      - Laboratory tests;
      - Letters or other written statements from a doctor or medical clinic;
      - Pulmonary function test (PFT) reports, including:
        - Spirogram tracings;
        - FORCED VITAL CAPACITY (FVC);
        - Forced Expiratory Volume (FEV1);
        - Total Lung Capacity (TLC);
        - DIFFUSION CAPACITY (DLCO or D<sub>co</sub>); and
    - iii. Copies of any and all written statements by a doctor or medical clinic regarding the cause or potential cause of the alleged diagnosis.

If in Part 2 you allege multiple diagnoses, submit copies of all medical documents required for each and every diagnosis that you allege. Debtors will reimburse your reasonable expenses incurred in copying the medical documents that you submit. See Instruction No. 10, below.

7. If the Injured Party or the Personal Representative of the Injured Party responded to interrogatories or was deposed in a lawsuit filed by or on behalf of the Injured Party for asbestos-related personal injury, submit with the Questionnaire copies of any and all such interrogatory responses and depositions. If a written claim, including but not limited to a proof of claim form, was submitted by or on behalf of the Injured Party for asbestos-related personal injury in another bankruptcy case or against a trust established pursuant to a plan of reorganization or liquidation in another bankruptcy case, submit with the Questionnaire copies of any and all such written claims. See Part 8 of the Questionnaire.

If the Injured Party was exposed to asbestos through another party (the "Source Individual"), and if the Source Individual responded to interrogatories or was deposed in a lawsuit filed by or on behalf of the Source Individual for asbestos-related personal injury, submit with the Questionnaire copies of any and all such interrogatory responses and depositions. If a written claim, including but not limited to a proof of claim form, was submitted on behalf of the Source Individual for asbestos-related personal injury in another bankruptcy case or against a trust established pursuant to a plan of reorganization or liquidation in another bankruptcy case, submit with the Questionnaire copies of any and all such written claims. See Part 9 of the Questionnaire.

Debtors will reimburse your reasonable expenses incurred in copying the interrogatory responses, depositions, and written claims that you submit. See Instruction No. 10, below.

- 8. If in Part 4 you identify a co-worker or other person upon whom you rely for your belief that the INJURED PARTY was exposed to an asbestos-containing product of US GYPSUM or another DEBTOR, and if that co-worker or other person was deposed in any asbestos-related personal injury action, submit with the Questionnaire copies of any and all such depositions. See Part 4 of the Questionnaire. DEBTORS will reimburse your reasonable expenses incurred in copying the depositions that you submit. See Instruction No. 10, below.
- **9.** In Parts 4-7 of the Questionnaire, you are asked to provide Standard Occupational Classification Codes and Standard Industrial Classification Codes. For a list of these codes, refer to Appendices C and D, respectively, to the Questionnaire.
- **10.** Instead of originals, you may submit copies of any and all documents that the Questionnaire requires with the exception of radiographic evaluations, such as x-rays or CT scans. You must submit the originals of these evaluations.

Debtors will reimburse your reasonable expenses incurred in copying documents that you submit. In Part 10, indicate the documents for which you seek reimbursement and the total amount of the reimbursement you seek. Attach to this Questionnaire a receipt that shows the copy costs you incurred.

Upon request, Debtors may have access to the original of any document that you submit. Original documents and radiographic evaluations provided to Debtors will be returned within a reasonable time after their professionals and experts have reviewed the documents or evaluations.

11. Make sure that the Injured Party or the Personal Representative of the Injured Party completes and signs the Authorization for Release of Earnings Information and Employment Records From the Social Security Administration contained in Appendix A. You do not need to complete the Request for Social Security Earnings Information Form (Form SSA-7050-F4) that is included in Appendix A with the Authorization. This form is only for your reference. You need only complete and return the Authorization on the first page of Appendix A.

A confidentiality agreement entered in this case provides that the following information may be disclosed only to persons involved in the case, that it will be held in strict confidence by persons who receive it, and that it will be used only for purposes related to the case: (1) social security numbers collected in the Questionnaire or its supporting documentation; (2) all records regarding the Injured Party that Debtors receive from the Social Security Administration pursuant to the Authorization in Appendix A ("SSA Documents"); (3) information contained in the SSA Documents when disclosed in conjunction with the Injured Party's name, address, or social security number; and (4) medical records or medical information collected with or in the Questionnaire when disclosed in conjunction with the Injured Party's name, address, or social security number.

- 12. If you have questions concerning this Questionnaire or want to request additional copies of it, your attorney may call the toll-free automated helpline of Rust Consulting, Inc. The helpline may be reached at 1-800-611-9738. Rust Consulting cannot provide legal advice.
- 13. If you prefer to input your responses to the Questionnaire on a computer, you must call Rust Consulting's toll-free automated helpline at 1-800-611-9738 to obtain a copy of the Questionnaire as a writable Portable Document Format (PDF) document. Once you have entered all responses into the PDF document, you must print the document and have the Claimant and the Claimant's attorney, if any, sign the certification in Part 10 of the Questionnaire. Return to Rust Consulting the printed and signed Questionnaire along with all supporting documentation as directed in Instruction No. 14, below. Alternatively, you may convert the printed and signed Questionnaire to a PDF document and return it to Rust Consulting on a CD-ROM as long as: (1) the conversion does not alter the structure or visual presentation of the Questionnaire in any way, including the unique identifying barcode and number at the bottom of each page of the Questionnaire; and (2) the CD-ROM is labeled with the Injured Party's name, date of birth, and a fully intact, machine-readable copy of the Injured Party's unique identifying barcode and number. You may also submit any and all of the required supporting documentation as PDF documents on a CD-ROM as long as the CD-ROM complies with this label requirement. Do not submit radiographic evaluations, such as x-rays or CT Scans, on a CD-ROM. However, do label such evaluations with the Injured Party's name, date of birth, and a fully intact, machine-readable copy of the Injured Party's unique identifying barcode and number.
- **14.** Make sure that the Claimant and the attorney of the Claimant, if any, signs the Questionnaire in Part 10. Submit your completed Questionnaire and all supporting documentation to the following address:
